FUNDRAISING An update on our future

Our December **Crowdfunder project** raised over £5000 towards signage for the cinema building. We are now engaging with local signage companies to begin the process of design and installation. We will keep you updated on its progress. We were overwhelmed with the support received for this project and we are convinced that lit signage will give us the significant boost in audience growth in order to help sustain our future.

Our call for donations to support the ongoing survival of Light House has been phenomenal and the team and Board of Trustees are truly grateful for donations received so far. We thank you very much.

However, to continue to deliver a wide programme of community activities, films, theatre, exhibitions & music events the struggle continues. With our lean capacity, tight budgets and fixed costs that are difficult to reduce, Light House continues to call for donations for the foreseeable future. Like the majority of charitable arts venues, museums and theatres who have lost revenue support from public subsidy, ongoing donations and increased visitor revenues are now critical income streams for survival.

Your donations help Light House to continue to culturally engage with people of all ages and backgrounds and retain a much loved venue in a City that needs dynamic places like this. Your donations also help us to culturally engage with schools, higher education, artists, creatives, festivals and celebrations that are so important to the fabric of a City.

Without a venue like Light House, the City would lose a much needed cultural vibrancy.

TO DONATE, use the collection boxes in the venue, donate at the till or online when you book tickets, or ask us for a standing order form. Thank you.
